### 5 Parents- How to visit

▪ We will carry out a complete clearance method for each grade.

▪ Up to 2 people from each family can enter. We do not invite guests or local people.

At the reception, we will check the name tag (name and class to which your child belongs) distributed by PTA. Please line up with your friends.

▪ For parents' seats, use pipe chairs and maintain social distance.

Sit in a two-legged chair with your family. Preschool children can only be seated on their parents' lap from the start to the end of the competition.

(It is strictly forbidden to visit the venue by leaving your seat or walking around.) If you are short of chairs at your desired location, please stand nearby. Staff will be waiting near your desired location.

Install a chair. (Please note that it will be installed behind the existing seats)

- You can stand in front of your seat from the last row until the second row.
  
- If parents with more than one child, want to visit their children all at the same time, please contact the teacher in the classroom in advance using the contact information. Even in that case, the number of people who can visit the store is limited to two family members.  
(Preschoolers who can sit on their lap and visit together are not included in the two)
  
- Since you cannot move your seat during the event, please consider the position where your child can see.
  
- Photos and videos can only be taken from your own seat.
  
- On the day of the event, we will shoot the tournament for all grades and accept orders online at a later date.
  
- Guest seats and elderly seats are not available.
  
- Bicycles and cars are prohibited.
